

Hi Ron,

Following is my testimonial that you are welcome to place on your website --

**"Baby Boomers & Beyond provided me with excellent advice and guidance, referring me to reputable contractors when I was in dire need, unsure of whom to turn to or where to go for repairs to my home. This fine group threw me a lifeline, and I am now confident that I can continue on as a homeowner, with the knowledge that I have a support group such as Baby Boomers & Beyond available to me."**
